

REFLECTION // DISCUSSION RESOURCE

“Vision - Part 1”

14 February 2021

Jesus had an impeccable sense of being in the right place at the right time. Both His prayer life and communion with the Father, and His ability to be fully present in the moment enabled Him to experience this.

What moments / miracles / ministry in the life of Jesus comes to mind when you think about Him being in the right place at the right time?

The quality of our prayer life and communion with God directly correlates to our own ability to know God's timing and positioning.

Can you think of examples where you understood your own season or circumstance better through an experience of divine revelation?

Have you experienced a greater resilience through a difficulty or challenge because of prayer? Share stories with one another.

Read Ecclesiastes 3:1-9

Doc said that being in the “right place at the right time” was more of an art than a science. What do you think this means and what is your perspective / experience of this idea?

Being a visionary has three aspects: foresight (seeing ahead), hindsight (reflecting back), and insight (understanding today).

Which of those three do you do most naturally? Which of the three do you find the most difficult?

How would you describe the season (time and place) the Lord has you in right now?
